# YIC京都日本語学院

## YIC Kyoto Japanese Academy

**YiC** Your Institute of  
Community Education

## Academy's Educational Goals

Educate students those who

1. can acquire specialized knowledge and skills, and strive for self-improvement.
2. can be flexible with the change of the society.
3. have a heart of mercy, and can cooperate with other people who work in different industries.
4. can be altruistic, and contribute to the development and advancement of the region.

## YIC Group's Educational Concept (School Motto)

「鍛え磨く」

Spirited people with a burning aspiration can achieve true greatness by working on themselves relentlessly. In addition, no matter how much outstanding talent someone acquires, he or she will never be able to fully display that outstanding talent without continuously pursuing self-improvement.

This school is a place for students to cultivate themselves, mind and body, and our school precept is "Train and prepare for a bright future." Students must therefore believe in their own vast potential, and are expected to resolutely strive to achieve it.

## YIC Group's Educational Philosophy

"We are the educational institution for the local people who contribute to the development and advancement of the local community."
